

Experience Innovative Reference Designs

OWS Supertweeter Reference Design

- » Extend treble response (letting the Dynamic Driver to focus on Bass response) to an unprecedented 40 kHz, enabling true lossless, high-resolution audio in open-fit and clip designs.

Smart Glasses Reference Design

- » Step into the future with smart glasses powered by Knowles BAs, delivering clear, natural audio in next-generation wearable form factors.

OTE Reference Design

- » Knowles BA drivers bring precision and presence to over-ear headphones. Listen to our dual-BA TWS configuration that combines dynamic bass with crisp treble for balanced, immersive sound.

Dual BA Reference Design

- » Two BA drivers, one focused on mid-speech enhancement and the other focused on treble to bring lossless Hi-Res Audio together enabling hearing personalization for your unique hearing.
